

Hairtone

Hairtone capsules contain 10 essential ingredients that help add shine and strength to your hair and prevent hair fall. Hairtone is a suitable treatment for various hair problems such as hair loss, dandruff, breakage. Hairtone stops hair fall and stimulates hair growth through improving blood supply to the scalp and nourishing the cells of your hair bulbs. Containing the main elements essential for growth (Vitamin B1, B2, B5, B6, Biotin, Vitamin E and medical yeast which provides each bulb with iron, selenium and zinc), Hairtone preserves your hair's original natural color and helps prevent its early aging and graying.

Dosage

Take one capsule a day to increase the strength of your hair and nails
